

2004 JEEP
GRAND CHEROKEE

Jeep is a registered trademark of DaimlerChrysler Corporation.

Form no. 74-386-2400, 8/03 (740M) Litho in USA

2004 JEEP

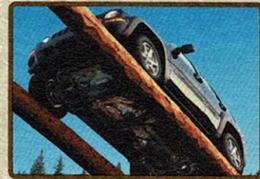

THE ESSENCE OF THE LEGENDARY JEEP BRAND, THIS
FUNDAMENTAL SET OF IDEALS RUNS DEEP
IN EVERY JEEP GRAND CHEROKEE.

AUTHENTICITY

A true original: the Jeep brand tradition of
four-wheel-drive leadership began with the
legendary Willys MB, "Noble Liberator" of
World War II, and continues to thrive today.

MASTERY

Over 60 years' experience is built into every
new Jeep vehicle, resulting in extraordinary
levels of capability and performance — and
creating endless new possibilities for you.

ADVENTURE

Rugged Jeep brand dependability supplies
courageous inspiration for your adventures.
From swiftly raging rivers to high mountain
peaks, realize your dreams with a Jeep 4x4.

FREEDOM

With their "go-anywhere, do-anything" spirit,
Jeep 4x4s shun the limitations imposed on
ordinary vehicles. Freedom is more than an
attitude — it's the Jeep brand way of life.

Jeep Grand Cherokee Limited shown.

Do not attempt extreme trails without proper instruction and equipment.

During a driving tour of southern
Wyoming, be on the lookout for
a wide array of wildlife, including
mule deer, antelope, moose,
coyote and beaver.

Light Khaki Jeep Wrangler Rubicon, Brilliant
Black Grand Cherokee Limited and Deep Molten
Red Liberty Limited Edition shown.

2004 JEEP

ADVANCING THE LEGEND

The Jeep legend began when the U.S. Army took delivery of the Willys MB in late 1941. Seemingly impassable terrain was no longer an obstacle. With its 60-horsepower engine, 80-inch wheelbase and four-wheel drive, the vehicle that our soldiers nicknamed "Jeep" revolutionized military travel. After the war, the Willys CJ-2A (the first civilian Jeep vehicle) and its successors built upon the courageous capability of the original to revolutionize America's work, travel and leisure opportunities. For 2004, Jeep Grand Cherokee, Liberty and Wrangler proudly advance that tradition as the most award-winning brand of 4x4s.*

*Based on major US national auto publications, 1982-2003.

1941-45 Willys MB
The original "go-anywhere, do-anything" 4x4

1946-65 Willys Jeep Station Wagon
The auto industry's first all-steel-bodied station wagon

1963-91 Jeep Wagoneer
A revolutionary 4x4 that helped define the SUV market

The prehistoric-looking Eastern Collared Lizard utilizes the abundant rock formations in southeastern Utah to soak up the heat of the sun.

GENUINE ADVANTAGE

Jeep Grand Cherokee gives you more choices to strengthen your driving capabilities than any other same-sized 4WD vehicle.

4WD SYSTEMS

- Selec-Trac® full-time 4WD
- Quadra-Trac II® on-demand 4WD
- Quadra-Drive® progressive 4WD for the ultimate in responsive capability

ENGINES

- 195-horsepower 4.0L Power Tech I-6
- 235-horsepower 4.7L Power Tech V8
- 265-peak horsepower High Output 4.7L Power Tech V8

Grand Cherokee can tow up to 6,500 pounds with either V8 and up to 5,000 pounds with the Power Tech I-6 engine. Proper towing equipment required.

SUSPENSION

- Quadra-Coil™ with solid axles, arms and links helps to provide a consistently smooth ride on pavement or off

Over ten million vehicles annually traverse the Ambassador Bridge connecting Detroit, Michigan to Windsor, Ontario.

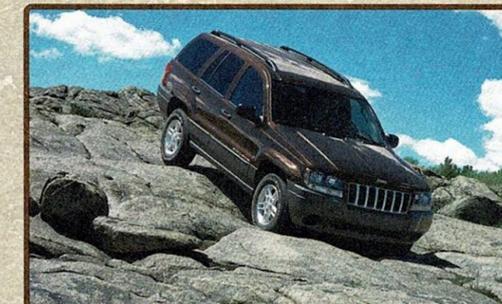

Jeep Grand Cherokee Limited shown in Brilliant Black.

JEEP GRAND CHEROKEE CAPABILITY

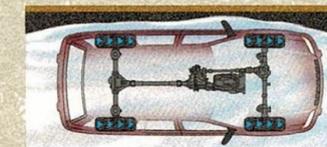

Jeep Grand Cherokee is powered by your choice of three available advanced, fully pedigreed Jeep four-wheel-drive systems and three available, extremely capable engines. Inside, passengers are comfortably carried by our exclusive Quadra-Coil™ solid-axle suspension, engineered to maneuver over rugged rocks as well as smooth rolling hills. In fact, no other vehicle in its class offers you more choices to customize the capability of your 4x4 than Grand Cherokee.* Whether you're enjoying a breezy ride on paved roads or tackling off-road tundra, Grand Cherokee is built to stake a top-of-the-line claim for refinement, engineering and style.

*Based on Ward's 2003 Middle Sport Utility Segment.

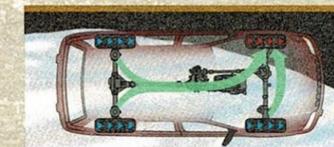

JEEP.COM/4X4

WITH GRAND CHEROKEE, YOU CAN BE CONFIDENT traversing the trails. With its 36.7-degree approach angle, 22.6-degree breakover angle and 28.6-degree departure angle, you have plenty of room to ramble over rocky routes.

LOSS OF TRACTION

TRANSFER OF POWER

QUADRA-DRIVE® IS THE JEEP BRAND'S MOST ADVANCED FOUR-WHEEL-DRIVE SYSTEM EVER. It automatically sends power to the wheel(s) with the most traction. This means you can stay on the move, even when only one wheel has solid contact with the ground. No other vehicle in its class offers this kind of built-in traction management.

JEEP GRAND CHEROKEE OVERLAND

The standard has been set with Overland's High Output 4.7L Power Tech V8, which delivers 265 peak horsepower and 325 pound-feet of torque for incredible power and performance. And your go-anywhere attitude is unrivaled due to the advanced Quadra-Drive® four-wheel-drive system. Translation? Overland can take you to the top of the mountain. Right where you belong.

JEEP.COM/GRANDCHEROKEETOUR

Maximum gross combined weight rating (Class IV) (2WD/4WD)	11,000/11,000
Tongue Load Limit	750

Trailer Tow Prep Group includes:

Axle Ratio (Class III/IV)	3.73:1
---------------------------	--------

Trailer Tow Group includes items listed above, plus:

Engine Required (Class III/IV)	4.0L Power Tech I-6/4.7L Power Tech V8s
Hitch frame-mounted receptacle for load-equalizer type hitch	
Wiring harness with 7- to 4-pin adapter	

RESTRICTIONS: Trailer frontal area limitation of 64 square feet; maximum trailer length 25 feet (Class III) or 30 feet (Class IV); trailer sway control and low-profile mirrors recommended. This chart is meant to serve as a quick and easy reference guide on how to properly equip your Jeep® Grand Cherokee for towing. For specific details, however, discuss your plans with your Jeep dealer, who will help you select the right equipment to meet your specifications.

CAUTION: Never overload your vehicle beyond these design capacities. DaimlerChrysler Corporation cannot be responsible for brake performance if the Jeep vehicle and hydraulic brake systems are in any way connected. A separate brake system for all trailers weighing over 1,000 pounds gross is recommended. (State laws should be checked for trailer brake requirements.) See Owner's Manual for important information regarding proper operation of this vehicle.

2004 JEEP TRAIL RATED

INTRODUCING TRAIL RATED: THE NEW STANDARD IN 4x4 CAPABILITY.

Trail Rated exists because life is unpredictable and because we want you to be prepared for anything. For over 60 years, the Jeep® brand has relied on testing to ensure capability, both on-road and off. Trail Rated is an evolution in Jeep vehicle testing represented by five key performance standards (at right) that critically test the vehicles' 4x4 capabilities. To safeguard the integrity of these industry-leading standards, all testing is conducted by the Nevada Automotive Test Center, an independent third-party organization. The Jeep brand wrote the book on four-wheel drive, with every Jeep 4x4 proudly serving as a testament to our off-road mastery and leadership. Now you can write your own "go-anywhere, do-anything" chapter in an authentic Jeep Trail Rated 4x4.

	TRACTION
	ARTICULATION
	GROUND CLEARANCE
	MANEUVERABILITY
	WATER FORDING

IN 2004, all four-wheel-drive Jeep vehicles will proudly wear an authentic Trail Rated badge. It is a visual reminder of the capabilities built in, the symbol of a genuine, tried-and-true Jeep 4x4. Accept no substitutes.

Jeep Grand Cherokee Limited shown in Inferno Red.
